

## *Congratulations on choosing to be cleansed through the Tevillah / Mikvah Experience!*

### **What does Tevillah (immersion) and the Mikvah (pool of living water) symbolize?**

- It is a symbolic act of being washed clean and being set free from the past life and sins and changing from the past masters whom you served to serve only the One true God of Israel!
- It is the renouncing of the kingdom of this world and haSatan and self-sovereignty.
- It represents dying to the lower selfish nature and ego.
- It is a spiritual process which symbolized a change from tamei (unclean) to tahor (pure).
- It is a commitment to burying the "old man" and coming out to walk in the "newness of life".
